Election of Alumni Manager of IMC of St. Louis School

CANDIDATE'S STATEMENT:

Candidates please write a statement below about yourself, your aspirations and pledge if elected as the nominee for the Alumni Manager of the IMC, which will be circulated to all Alumni of St. Louis School.

Full Name of Candidate: Po Kam Hi John

Dear Aloysius,

The IMC of St. Louis School being the highest authority of the school has its fiduciary duties to drive how our alma mater is to be operated. The livelihoods of our juniors and the teaching team follow resolutions and executions from the Committee.

Composition of the Committee includes Managers from the SDB - the School Sponsoring Body, the supervisor, the principal being an ex-officio Manager, teachers, parents, Independent Manager, and one Alumni Manager. This year in 2022, old boys of St. Louis will elect a new representative to be nominated in the IMC to begin the new school year in September.

Mr. Patrick Pak our decent old boy, was dramatically elected in the year 2015 and was named the first and second term alumni manager. He brought the love and care of an old boy as well as a vice principal to the IMC, and his relentless contributions earned inspiring reception by the Committee.

Succeeding Mr. Pak, the retired Principal of St. Rose of Lima's College, Mr. Yeung Kit Man, an old boy of 1981, was elected as the third term alumni manager in 2018. The total knowledge of running a school KM brings to the IMC, added colours and ideas for alternatives that would bring lives to the school. As a result, spirits of the teaching team and the learning aspirations of the students alike, have both shown significant improvements in recent years. Principal Yeung has then continued and will be completing his second term this year.

I have cited the significant efforts Mr. Patrick Pak started, and the continued inspirations by Principal Yeung. These are tremendous results that I witnessed, while I was the President of

SLOBA 2015-17. I have then been well served as the bridge between the school and alumni. A better understanding of both the concern of old boys on students learning; and the Salesian core value of education that reflects unto the teaching and raising of our fellow students. The interactions with the school authority started since the first term of my presidency in 1997-98 that continues, gave me opportunities to act and react as such a bridge for quite a long time.

I have always been a businessman after graduation and the trainings in early days. My career started in the electronic manufacturing environment when Hong Kong was riding the economic superhighway to become one of the four dragons of Asia. Thanks to the trainings from St. Louis, the hunger for knowledge and in search of excellence in life and technology made me a corporate ladder climber, quite widely acceptable to the peers and corporations into desirable levels. Since 1995, I founded our procurement logistics services business which proves to be a successful mix of technology and knowledge to serve the clients worldwide. Furthermore, in 2012, we extended and founded an internet security and system integration services, notably an important move in the digital era.

The training and corporate governance principles over me throughout the years, depict the consistence of adhering to the rules and principles that an organization must endure. "Be You Never So High, the Law is above you." * And this is my belief as a citizen and a businessman in Hong Kong.

With all your enduring support I, Po Kam Hi John of 1974, will run for an election of the representative in 2022.

Thank you all so much.

John Po

Graduate of 1974

SLOBA President 1997/98

SLOBA President 2015/17
